IBM InfoSphere Guardium

Answer: B

QUESTION: 122
A customer is deploying lnfoSphere Guardium for Data Activity Monitoring (DAM) & Data Level Access Control (DLAC). They are not sure where to locate their collector appliances with respect to the database server that needs to be monitored & protected. Which response is correct?

A. The collectors can be located anywhere on the network.
B. The collectors should be located in the same data center the database servers they monitor & protect reside.
C. The S−TAP must reside in the same data center the databases servers are at but the collectors can be anywhere.
D. The collectors and aggregators need to reside in the same location regardless of were the database servers reside.

Answer: B

QUESTION: 123
Which statement represents redundancy∫contingency options on collectors?

A. Collectors can automatically fail over between aggregators.
B. Collectors can be configured with dual management ethernet ports.
C. Collector databases can be configured to perform real time synch with other collectors.
D. Collectors can be configured with a heartbeat allowing fail over between two collectors.

Answer: B

QUESTION: 124
Which Guardium appliance cannot be a standalone unit?

A. S−TAP
B. Collector
C. Aggregator
D. Central manager

Answer: D

QUESTION: 125
When building a Virtual Appliance there memory recommendations (RAM) that need to be taken into account. What is the present maximum memory limit for such an appliance in Giga Bytes (GB)?

A. There is no maximum limit
B. Maximum 16 GB of memory
C. Maximum 18 GB of memory
D. Maximum 24 GB of memory

Answer: B

QUESTION: 126
Guardium GUl can be customized to meet a number of unique customer requirements. What should be done ln order to add one tab (or pane) at the highest level?

A. Select the "i" icon and then "Add Pane".
B. Select "Quick Start" and then "Add Pane".
C. Select "tools −> customize GUl" from the admin console.
D. Select "Customize −> Add Pane" in the upper right hand portion of the GUl.

Answer: D

QUESTION: 127
Which command sets the eth0 network lP address to 192.168.1.54?

A. store network ip 0 192.168.1.54
B. store network resolver 1 192.168.1.54
C. store network interface ip 192.168.1.54
D. store network routes static 192.168.1.54

Answer: C

QUESTION: 128

Which statement will create an inspection engine for an Oracle database on host 10.10.9.57?

A. grdapi create_stap_inspection_engine stapHost=10.10.9.57 protocol=Sybase portMin=4200 portMax=4200 client=0.0.0.0/0.0.0.0 ktapDbPort=4200

B. grdapi create_stap_inspection_engine stapHost=10.10.9.57 protocol=Oracle portMin=1521 portMax=1521 dblnstallDir=/usr/lib/oracle procName=/usr/lib/oracle/app/oracle/product/10.2.0/server/bin/oracle client=0.0.0.0/0.0.0.0 ktapDbPort=1521

C. grdapi create_stap_inspection_engine stapHost=10.10.9.59 protocol=Oracle portMin=1521 portMax=1521 dblnstallDir=/usr/lib/oracle procName=/usr/lib/oracle/app/oracle/product/10.2.0/server/bin/oracle client=0.0.0.0/0.0.0.0 ktapDbPort=1521

D. grdapi create_stap_inspection_engine stapHost=10.10.9.57 protocol=DB2 portMin=50001 portMax=50001 dblnstallDir=/home/db2inst2 procName=/home/db2inst2/sqllib/adm/db2sysc client=0.0.0.0/0.0.0.0 db2SharedMemAdjustment=20 db2SharedMemClientPosition=61440 db2SharedMemSize=131072 ktapDbPort=50001

Answer: B

QUESTION: 129

How can you find the help documents within the Guardium GUl?

A. by selecting the "about" link in the upper right hand of the screen
B. by selecting the "?" to the right of the Portal Map icon
C. by selecting the "tools−> help" from the admin console
D. by selecting the magnifying glass icon in the upper right hand of the screen

Answer: B

QUESTION: 130

There are various considerations when sizing the number of appliances required to support a customer environment. What represents the BASlC unit of measurement used to calculate the initial number of Collectors required for a scope of Data Activity Monitoring (DAM) in

a Mainframe environment?

A. VU (Value Unit)
B. NTV (Network Traffic Volume)
C. DTA (Database Traffic Volume)
D. TSA (Technical Specification Assumptions)

Answer: A
