IBM i2 Analyst-s Notebook V8.9

- A. Flag
- B. Text
- C. Number
- D. Date and Time

Answer: B

QUESTION: 100

An intelligence analyst is pasting one chart onto another chart. If a consistent naming convention has been used and there are entities with exactly the same identity on both charts, what will happen when the charts are combined?

- A. The entities will automatically merge together.
- B. There will be duplicate entities on the same chart.
- C. The analyst will not be able to paste one chart onto the other.
- D. The analyst will receive an error message indicating there are duplicate entities.

Answer: A

QUESTION: 101

Which of the following statements about cards is NOT TRUE?

- A. Data within the cards can be displayed on a chart item.
- B. Data within the cards can be used within Visual Search.
- C. Description field of data can be displayed within List Items.
- D. The same cards can be duplicated between entities and links.

Answer: A

QUESTION: 102

Which Entity Type is shown here?

- A. Icon
- B. Male
- C. Picture
- D. Event Frame

Answer: B

QUESTION: 103

An intelligence analyst is entering an identity for an entity. After the identity is entered, the Identity field turns red.

The image shows a software interface with two text input fields. The top field is labeled 'Identity:' and contains the text 'JACK SPARROW'. It has a red border and a vertical scrollbar on the right. Below this field is a checkbox labeled 'Label is Different from Identity', which is currently unchecked. The bottom field is labeled 'Label:' and also contains the text 'JACK SPARROW'. It has a grey border and a vertical scrollbar on the right.

What does this indicate?

- A. There is a typographical error in the identity.
- B. The Identity field does not allow for all capital letters.
- C. This identity is already used for another entity on the chart.
- D. There are not enough characters entered in the Identity field.

Answer: C

QUESTION: 104

Review the following image:

What are "A", "AB", "B", "O" and "Unknown", in the image above?

- A. Attribute Entries
- B. Attribute Classes
- C. Analysis Attributes
- D. Automatic Attributes

Answer: A

QUESTION: 105

Examine the image here:

FAIRFAX COUNTY VIRGINIA ARREST REPORT
